I want everyone in this company to know I have NEVER threatened anyone!

You all should be aware Anthem Hayek Blanchard and his sidekick Logan Ryan Golema, have been defaming me all over twitter and other forums.

I DO NOT HAVE A TWITTER ACCOUNT!

I will be setting up a twitter account today to respond to this bull shit, spewed forth using company resources.

I have communicated the threats levied by Anthem Hayek Blanchard regarding MARK HEATWOLE, whose name appears at least 6,000 times on twitter as being murdered.

I HAVE NEVER MURDERED ANYONE, I have NEVER THREATENED THE SAME.

A CRIMINAL DENUNCIATION in the Country of Spain has been filed, and CRIMINAL Denunciations filed in the US Territory of Puerto Rico, where Anthem Hayek Blanchard and his WIFE (I know Cynthia is his wife as I have known them for more than a decade!) Cynthia Diane French Blanchard, list as their residence on SEC documents! I had to leave the Ritz Reserve out of fear Anthem Hayek Blanchard and his goons would injure me, my family and my neighbors who they have directly made threats against.

I will be filing litigation in the First, Second, and Ninth Circuits of the US Federal Courts, in 7 US Districts in each of those circuits, seeking damages and to clear my good name.

I may be calling upon some of you to testify and your crypto currency holdings will become a matter of record in Federal Court, be fore warned.

ANTHEM HAYEK BLANCHARD is NOT operating above board, if you have any doubts check etherscan for any of the tokens he is shilling.

I have filed reports to the US Federal Government and several other governments around the globe. Anthem Hayek Blanchard's behavior with his sidekick Logan Ryan Golema can no longer be tolerated.

Anyone that has any questions or concerns about their personal liability is free to contact me!

Be wary of any comments from Paul Aubert, the "attorney" for the Blanchard's who has crossed a number of ethical lines. Attorneys have been retained to seek his disbarment.

FYI my ownership of all these companies is approximately 1.7 MILLION SHARES of Stock, which should tell you something about your investment.

Lesia Blanchard, is believed to be in control of the trust and NON-profit foundation of JAMES U. Blanchard III, which Anthem Hayek Blanchard claims as his father and is using this trust and non-profit foundation, raiding protected assets (we have proof) for his personal piggy bank to finance his campaign of hate against other people, many of you have been subjected to his CIRCUS, he does this because he is a SOCIO PATH who needs amusement in his life and seeks to destroy the lives of others for his amusement, he feeds off the drama.

I will be providing myself as the "court" jester for his amusement they next 5-8 years as he spends through money from that trust and non-profit foundation, in litigation personally and in each company AnthemVault and AnthemGold as well as the rest we uncover, including what appears to be a "space station".

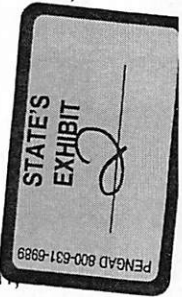

Stay tuned there will be a mess of filings publicly in Federal Court, where the TRUTH will come out eventually. Be wary of giving Anthem H. Blanchard any more of your time or money!

WOW! I never imagined the response, would be from so many of you! Thank you!

I really appreciate the support and understanding, I and my family have been through, more than 1 and half years of hell, Anthem H. Blanchard, his wife Cynthia and their family/associates have really, put the fear in us for our physical safety, they have continued to "hunt" us down no matter what we do with our lives.

I personally from the bottom of my heart really appreciate all the support and love, we have received from people here and the 118 additional email addresses collectively we have received from several of you, who we now bcc on this and future communications.

Again, I DO NOT HAVE A TWITTER account! The only reason any of us can surmise Anthem Hayek Blanchard and his WIFE, Cynthia Diane French Blanchard have to come after me in this way, non-stop every 24 hours or less for more than a year and half is they know, when I get to authorities and the rest of the community with the evidence I possess they do not stand a chance at

living off other peoples work, taking money to live a luxury lifestyle without producing anything of value, and refusing to provide stock and other compensation to people who work within the companies they claim.

Anyone that has information regarding MARK HEATWOLE or any evidence MARK HEATWOLE has a relationship to ANY person known as "JASON" who may or may not work for Deloitte, is asked to please privately email me, as ANTHEM HAYEK BLANCHARD has often threatened me and my immediate family with this unknown person "JASON" who is supposedly a director at Deloitte, and a son in law of MARK HEATWOLE, we have issued demands to Deloitte International in an attempt to locate this individual and prevent physical injury or death to me and my family.

Again, I have NOT threatened anyone, I did attend a Military Academy for my undergraduate schooling and I am a **certified contentious objector** to military conflict, as I have been my entire life!

ANTHEM HAYEK BLANCHARD seeks through unfounded absolute FALSE LIES, to undermine my personal agency and who I am as an individual.

PAUL AUBERT has repeated these unfounded claims again and again in writing, we have numerous filings at the Bar Associations in Texas and Louisiana as well as the National Bar Association, in the form of formal complaints for the disbarment of Paul Aubert.

Mr. Aubert's letters are intolerable, without merit or proof, we will continue to file complaints and see to it Mr. Aubert is permanently barred from the practice of law.

Thank you so much for the LOVE and support as I deal with these sociopaths, who many of you have had to deal with throughout your lives.

Your love and support does not go unnoticed, by me and my entire family.

Michael

Mr.s Cynthia Diane French-Blanchard and Mr. CHAD Koehn:

The death threats from you and/or your associates MUST end!

I am afraid that you will follow through or your criminal associates will follow through on the threats to end my life and that of my family members. I note the threat relayed related to Dale Takio's case involving Simon Property Group **where the lead "whistle-blower" was found DEAD**, and the innuendo you and/or your criminal associates/clients are making. We also note the whistle-blower was named in a federal lawsuit, just before his death, perhaps this is how Craig Brand and Dale Takio discovered the location of the whistle-blower? WE ARE UNDER THREAT OF DEATH, FROM YOU CYNTHIA DIANE FRENCH, of Bartlesville, Oklahoma.

Having your associates contact me and others pointing to this article saying a **"whistle-blower was found dead in a state boarding your parents and family, we know where your family is"**, you have their address and have made that very well known, in filings in California made under the penalties of perjury. It just so happens Craig A. Brand was the attorney representing Dale Takio, in this Simon Properties group case, where Brand got authorities to drop charges against Dale Takio **after the whistle-blower was found dead. The whistle-blowers death remains under investigation.** This is a threat, it is a REAL threat, in writing and references a real case **where a man who was a whistle-blower was killed, after a Federal lawsuit was filed naming the whistle- blower** you have made statements under penalties of perjury listing an address for my elderly parents, **an address you know I do not live at and you KNOW I have not lived with my parents since I was 17 years old and left for the Academy!**

YOU KNOW THIS, but Cynthia you listed my elderly and sick parents address on government documents and made all sorts of statements and attachments under the penalties of perjury. We both know you suffer serious mental disease or defect, you have not made this a secret! Cynthia, you need to really look at what you are doing and with whom, my

elderly parents do not deserve these sort of threats, no one did anything which deserves DEATH. You are making all of us afraid for our lives!

You may actually quicken the death of my parents and other family members, and as such be charged appropriately with wrongdeath, regardless if you actually have a physical hand in causing their death.

“Officials: Whistle-blower in Simon Property Group theft case found dead”

<https://www.orlandosentinel.com/news/breaking-news/os-simon-property-group-theft-ring-20150521-story.html>

“Days after authorities announced arrests in a theft ring that allegedly bilked \$20 million from America's largest commercial-real-estate company, officials discovered only \$4 million is allegedly missing and **the lead witness in the case is now dead**. When the arrests in the mom-and-pop racketeering scheme were announced Tuesday, the Florida Department of Law Enforcement had no idea the amount of the thefts were off by \$16 million. The mistake is being blamed on an Excel spreadsheet error. **Prosecutors also learned their lead witness was found dead Thursday in Connecticut**. Thomas Brignolo, 32, was named in a federal lawsuit four years ago as the whistle-blower who alerted Simon officials to the thefts. He was scheduled to testify in the FDLE's case. **His death remains under investigation.**”

Are you implying my parents, family, the children and myself are under threat of death?

Is it true as a result of this man Thomas Brignolo being named in a federal lawsuit as a result of being a whistle-blower, they were able to out him and then he was MURDERED?

I AM AFRAID FOR MY LIFE! AS Any reasonable person would be! You have succeeded in making me FEAR for MY LIFE and the LIFE of my elderly mother and father who you have let know you have their physical address, you filed documents under penalties of perjury!

Cynthia, Please call off your people. PLEASE PLEASE DON'T KILL MY PARENTS OR Family!

PLEASE STOP YOUR HARASSMENT AND DEATH THREATS! We feel Threatened!

Cynthia, we were friends at one time and have shared a number of meals together, you have even shared dinner with my mother and father. It

concerns me greatly that you would enter my mother and fathers personal address on a court document, when you know I have not resided with the people I call my mother and father, my parents since I was 17 years old. This was obviously done by you and signed under the pains and penalties of perjury. We have known each other for well in excess of a decade. As such we know a lot about each other, perhaps you filed the court document you did during one of your manic mental breakdowns? We both know you suffer a variety of mental diseases and defects as you have confided in me over the past decade, and you have been vocal in public concerning your psychological illnesses.

Cynthia, we are aware of the recent drug charges and detainments of Anthem H. Blanchard in the middle east we are also aware of the alleged bribes paid by Craig Alan Brand on behalf of you and Anthem to free him from those drug detainments and charges. I have been questioned regarding drug smuggling, trafficking, distribution, manufacture etc.

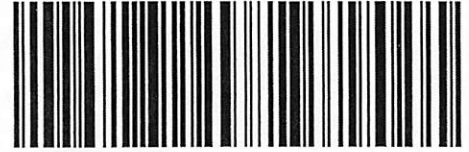

I know nothing of your business in drug trafficking, possession, manufacturing, distribution etc. I had thought we were running a gold business! You are aware of the Foreign Corrupt Business Practices Act regarding bribery are you not?

Cynthia you are the majority shareholder in each of these companies and you are listed as the President in each of these companies. You need to end these threatening messages and you need to secure some sort of lawyer other than a lawyer and a marketing person **who have been involved in cases where a whistle-blower was involved and they ended up DEAD under mysterious circumstances** and then Dale Takio was mysteriously discharged from the crimes!

BDA extends relocation incentive program

Daisy Creager Bartlesville Examiner-Enterprise

Published 6:00 a.m. CT Aug. 26, 2021

The Bartlesville Development Authority voted Wednesday to expand an employee relocation incentive program to a cyber security company planning to establish a local headquarters.

Pending Bartlesville City Council approval, the program will offer relocating employees of distributed cloud company HeraSoft cash assistance for purchasing or building a home in Bartlesville, rather than living in another city and commuting.

The company has established an office in the former Washington County Courthouse, where it currently has 10 employees. In the next two years, the company expects to transfer an additional 50 employees to the office.

“HeraSoft represents what could be a dream opportunity for Bartlesville: a growing need and market in cybersecurity and inbound young, bright and diverse global talent, as well as a substantial financial investment in the community with the purchase of the former county courthouse building by principles with Bartlesville roots who have consciously chosen our community for their permanent home and global headquarters,” BDA President David Wood said.

Inbound HeraSoft employees will be eligible for the relocation incentive of \$10,000 for purchasing a single-family home or \$20,000 for building one within Bartlesville. The program was piloted in March with a group of ConocoPhillips employees transferred to Bartlesville following the company's purchase of Concho Resources. Of the 25 employees in the group, 12 have used the incentive, Wood said.

The program is an effort by BDA to curb the loss of possible residents, and their tax dollars, to larger cities, like Owasso and Tulsa — a problem the committee has been working on since 2013.

Wood said the BDA commissioned professional market research and determined the absence of retail attractions — national brand stores, bars, restaurants, nightlife — was the primary cause, followed by the low availability of higher-end rental housing.

BDA subsequently invested in attracting retail brands, leading to the redevelopment of the Eastland, Silver Lake Village and former K-mart shopping centers.

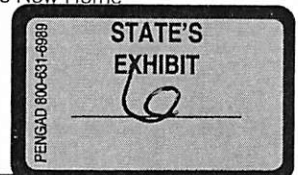

More: Plans approved for new self-storage business in Bartlesville

The launch of the relocation incentive, and now its extension beyond the initial group of ConocoPhillips employees, is an effort to further attract home buyers. When the program was launched in March, Wood said the hope, in part, was that further interest from home buyers would encourage home development, easing Bartlesville's "acute shortage of homes."

While the supply of local housing is still well below demand, development is rebounding from 2020 lows, with the city reporting that by July 31, it issued construction permits valued \$24 million higher than the permits issued in the full year of 2020.

"Each new household is an immediate 'win,' not only from anticipated sales tax collections but also from the recognition Bartlesville will receive in the marketplace," Wood said.

Cyber-Security Company Picks Bartlesville as New Home

Garrett Giles

The Bartlesville Development Authority on Wednesday approved an employee relocation incentive in support of HeraSoft, a cyber-security company that has selected Bartlesville for its new headquarters.

BDA Trustee Chris Batchelder said this is exactly the opportunity they want to target when it comes to recruiting new companies to Bartlesville. Batchelder says having a high-quality company such as HeraSoft come to town is a dream come true.

Batchelder says the BDA is excited to partner with HeraSoft and its leadership to recruit employees to the community. **He said they want to do whatever they can to support the technology sector and the cyber-security industry** ([/caffeine/uploads/files/138HSC\(2\).mp3](/caffeine/uploads/files/138HSC(2).mp3)).

HeraSoft applies distributed cloud, ransomware-proof software to meet today's cyber and enterprise security, finance, gamification and logistics challenges, helping enterprise and government organizations operation securely, more efficiently, and at lower cost.

In March of 2021 HeraSoft announced receipt of \$5 million in Series A financing led by United Capital Management of Kansas, using the funding to scale the company, add to its sales and marketing and continue software development via its teams in Brazil, Europe, Grand Cayman, Kansas City, New York, Houston, Orlando, Oklahoma City and other locations.

HeraSoft's diverse client base includes the Holland-based Gold-Florin and the Tourism Board of Qatar, as well as a partnership with Casper Labs.

"The company is actively building relationships with government and private sector clients worldwide," said BDA President David Wood.

HeraSoft principals Anthem and Cynthia Blanchard, who is a graduate of Dewey High School and Oklahoma State University and whose father and grandfather had lifelong careers at Phillips Petroleum Company, recently acquired the historic former Washington County Courthouse building (*pictured left*) to serve as the company's corporate headquarters. So far 10 employees have quietly relocated to Bartlesville, with an additional 10-50 employees expected to be Bartlesville-based within the next two years.

"HeraSoft represents what could be a dream opportunity for Bartlesville: a growing need and market in cybersecurity and inbound young, bright and diverse global talent, as well

as a substantial financial investment in the community with the purchase of the former county courthouse building by principals with Bartlesville roots who have consciously chosen our community for their permanent home and global headquarters," Wood said.

Consistent with the recent resident attraction program BDA executed for inbound employees from Concho Resources in Midland, Texas under the ConocoPhillips acquisition, up to 50 family residence of \$20,000 upon commencing construction of a new home within the Bartlesville city limits over the next two years.

"Each new household is an immediate 'win' not only from anticipated sales tax collections but also from the recognition Bartlesville will receive in the marketplace," Wood said.

The proposal will now go to the Bartlesville City Council for final approval.

Results and Interpretations:

Item 1A: The Apple iPhone 7 Plus was locked with a 4-digit PIN code. The PIN code was not known and the iPhone was not supported for GrayKey PIN code determination. The iPhone was examined and the following extractions were performed:

- GrayKey Partial File System Extraction- BFU (before first unlock)

City of Bartlesville Attorney Contact information please?

Our lawyers and investigators in London, UK; Paris, France; San Juan, Puerto Rico; and US Cities: Las Vegas, Los Angeles, New York City and Boston would like to file letters concerning the "herasoft" company, and begin discussions with the City attorney regarding the vast myriad of companies linked to "Anthem and Cynthia Blanchard". Investors and "significant shareholders" have been chasing this duo for many years.

We have been reaching out to the corporation "First Court Investment Inc." which appears on the records as the owner of the building, news articles say they have acquired. This would be the first identifiable asset in this alleged international Ponzi scheme. As you are certainly aware several of their "advisors" and leadership have already been federally convicted in the \$722 million "Bitclub" Ponzi.

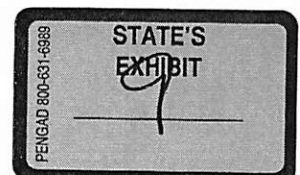

<https://www.justice.gov/usao-nj/bitclub>

As you know through your due diligence "herasoft" was formed with money from "Anthem Holdings" a series of mergers in dispute, stemming from "anthem vault" and "blanchard vault" in Las Vegas, Nevada, where this group has fled several years ago with many angry customers, and investors looking for them:

<https://www.bbb.org/us/nv/las-vegas/profile/gold-buyers/anthem-vault-inc-1086-90019049/complaints>

<https://ipfs.io/ipfs/QmXDUxMRu25AnE3N54uA1w6Fh61CV99DkBO95SGnLBCyrA/ANTHEM-HAYEK-BLANCHARD-AnthemGold-AnthemVault-Lawsuits-AMEX.pdf>

<https://www.offshorealert.com/cayman-enterprise-city-sezc-v-hercules-sezc-ag-herc-inc-cayman-islands-lawsuit.aspx>

The convicted pedophile Russ Albert Medlin a Blanchard associate and integral part of Bitclub and Hercules (HERC) the supposed token of "HeraSoft", was arrested again on more sex charges as the FBI moved in on him, as you are aware of many FBI, SEC, CFTC, FTC, IRS investigations into the Blanchard's crypto gang, through the cities obvious due diligence.

<https://www.scmp.com/news/asia/southeast-asia/article/3089307/us-bitcoin-fugitive-russ-medlin-arrested-sex-charges>

Interesting how Anthem Vault a Nevada corporation fled Nevada and has had all its employees, the SAME ones running "herasoft" located in Bartlesville for many years, oh maybe because they all are related as family members of the same family ("gang").

<https://projects.propublica.org/coronavirus/bailouts/loans/anthem-vault-inc-9233687110>

The TV show "American Greed" cannot confirm the current development of a show relating to this massive scheme, but perhaps will be on the heels of more arrests, as if the several convicted Federal Felons in the \$722 million bitclub Bitcoin Ponzi connected to Anthemgold and Hercules (HERC) aka "HeraSoft" is not large enough.

Looking forward to getting more details in the hands of the City Attorney.

Thanks

RE: Recent Developments

Dear Shareholder and Friend:

We felt it was important to update you regarding Michael Eric Nelson, a disgruntled former employee of the company who we know has been contacting many of our constituents over the last several weeks since his employment and relationships with all of our companies were terminated on February 24, 2019.

On the evening of February 24, 2019, Mr. Nelson was on a phone call with one of our directors. During the conversation, when it became clear to Mr. Nelson that the director was not agreeing with his arguments, Mr. Nelson got aggressive and told him "You had better get a bodyguard because I am going to come to your house and shoot you" then hung up. This conversation is documented in a police report given by the director to the Santa Barbara Sheriff's Office on February 25, 2019. Upon hearing of this, Anthem Blanchard, our CEO, immediately fired him, which was documented in writing to Mr. Nelson the following day.

Upon his termination, Mr. Nelson became very agitated, and since has been contacting directors, employees, advisors, shareholders, contractors, and other

individuals who have relationships with our companies in an attempt to create doubt and dissatisfaction by making many false allegations and spreading disparaging misinformation against the companies and its directors and officers. In the four weeks since Mr. Nelson's termination, the company's directors, executives and advisors have received over 600 pages of aggressive and threatening texts and e-mails.

Mr. Nelson has apparently also teamed up with Tom Wingert, a former disgruntled contractor, current shareholder and former director, whom the company has successfully fended off against aggressive and threatening actions by him in the past, and who has had his own police report filed against him in Oklahoma for making threats against company personnel back in December 2017.

Mr. Nelson and/or Mr. Wingert very recently sent an e-mail to an important business associate of the company who is not known to the public, or to any other person in our companies. We believe that Mr. Nelson and/or Mr. Wingert or both may have illegally hacked our CEO's communications in order to obtain this kind of information. On March 13, 2019, Mr. Blanchard's SIM was hacked for approximately 11 hours, and his Google account associated with his anthem@anthemgold.com email was also hacked on that same day. The information about this business associate was only in this one email account and would have been accessible during these breaches, so we believe this information was obtained during this hack.

Mr. Nelson has also embarked on a harassment campaign against the company's executives, board of directors, and General Counsel, all of whom over the course of three days last week, received dozens of telephone calls from spoof numbers, all made to look like numbers of Company personnel. The company's General Counsel also received one made to look like the phone number of a company unrelated to our companies, but with which the General Counsel has an independent relationship. Mr. Nelson also reached out to the CEO of that Company by e-mail.

Mr. Nelson has specifically targeted two higher wealth associates of ours, including sending one of them eleven e-mails in one day making various false claims of nefarious activities being committed by the companies, and sending over 100 texts to another one within a 24-hour period. According to one of these individuals who informed us of a telephone conversation with Mr. Wingert, Mr. Wingert tried to extort a large amount of money supposedly to "fund" a lawsuit

against the company.

More recently, we have learned that Mr. Nelson is now contacting many individuals in the community of our companies' advisors and executives and is sending them aggressive and false information. We believe he anonymously left a message with a very important client alleging securities fraud. Our investigation into the origins of that message is almost complete.

In reference to Mr. Wingert, the Company received a subpoena duces tecum in Mr. Wingert's divorce proceeding late in 2018 regarding his stock ownership and has also received information from other shareholders in the past that he pledged his stock to them in exchange for a loan which was past due at that time.

All of the individuals who have been impacted by the actions of these two people already have or are currently reaching out to their local authorities to report these harassing, aggressive, and criminal activities, which have obviously been extremely disturbing to them, and several of them have submitted their electronic devices for forensic investigation. In addition, the Federal Bureau of Investigation has been provided a full report and is currently making inquiries regarding the criminal activities that we believe Mr. Nelson and Mr. Wingert have been conducting.

Our President, our CEO, and our Boards of Directors felt it was important to inform our constituents of these recent activities and to let you know that the claims and allegations of this former disgruntled employee are completely false and have no merit whatsoever. The Boards of Directors are fully supportive of the President, the CEO and the direction of the companies. We are fully committed to our current business model and will aggressively defend the company and its directors and officers against any false and frivolous claims and will proactively seek any and all legal redress against these bad actors.

We appreciate you and your continued support.

Very truly yours,

Mr. Nelson has also conducted an investigation regarding the company's executive board of directors and financial records, all of which were the subject of these data last week, received reports of suspicious activity from several sources, and the names of the members of the party personnel. The company's financial records also report one phone to look like the phone number of a company associated to our operations, but with which the financial records had an independent relationship. Mr. Nelson also contacted the CEO of that company by e-mail.

Mr. Nelson has specifically targeted two higher wealth associates of ours, including another one of them on the same day, making certain information of our own activities being connected to the companies and services they use, such as credit cards with a 24 hour period. As a result of one of these individuals who informed us of a telephone conversation with Mr. Wengert, Mr. Wengert had a large amount of money, supposedly to fund a lawsuit against the company.

Re: Case Number 19-2471

I have attempted below to provide a synopsis of the factual matters we discussed this morning as well as the additional information requested:

My name and contact information are as follows:

(805)683-2802 (Residence)

The most current information I have about the other party/employee involved in this incident is as follows:

Michael Nelson
4952 S. Rainbow Blvd., Ste 250
Las Vegas, NV 89118 (last known address)
(401) 999-1127 (Cell)
nelsontelco@gmail.com

The company information is as follows:

Anthem Vault, Inc.
2407 South Congress Ave., Ste E287
Austin, TX 78704
(855)428-2858

Background:

1. Mr. Nelson was an employee of Anthem Vault, Inc. (the "Company") for approximately 6 years until his discharge, which officially occurred this afternoon although he was (apparently) advised of it via text message last evening while participating on a call with me.
2. I am one of 7 Directors of the Company.
3. On February 24, 2019, I landed at LAX about 6:30 pm on a return trip from a business conference and received a text from Mr. Nelson asking me to give him a call about a corporate transaction the Company had entered into. I texted him back and said I would call him after getting my luggage and car which I did commencing about 7:00 pm.

The Call:

The call commenced with pleasantries and a short discussion about where I was headed to from LAX and where Mr. Nelson was. He said he was staying with his parents in Las Vegas and I

said I was headed home to Santa Barbara. Following this, he launched into an agitated discussion about a transaction that one of the Company's affiliated companies had entered into which appeared to raise a substantial amount of money while at the same time he and other employees of the Company were being asked to take substantial cuts in salary because the Company did not have sufficient cash flow to continue at the current levels. I advised him that I had no personal knowledge of the transaction he was referencing and tried to get to the substance of his concerns. After listening for some time to his take on what the transaction was about, I asked him why he thought there was a problem from a legal perspective. He became even more agitated claiming that people would be going to jail. [Apparently while we were speaking he texted the CEO of the Company and demanded to know something about the transaction in a threatening manner. The CEO then apparently responded that his services were no longer required at the Company- in essence firing him on the spot.] Mr. Nelson then said something to the effect of "Oh great, now I've been fired." I said "What?" not realizing he was texting and talking to me and repeated his assertion about jail. When I responded to that assertion by saying that nothing he had said suggested anything criminal and that "no one was going to go to jail", he became incensed and said "You had better get a bodyguard because I am going to come to your house and shoot you" and hung up. I believe the call ended about 7:35 - 7:45pm.

Subsequent Events:

I immediately phoned the CEO to advise/warn him about Mr. Nelson's threat and suggested that he inform our General Counsel and the other Board members which has been done. Further, Mr. Nelson was sent a letter terminating his employment for cause (copy attached) and all Board members have been advised.

Sometime after the Call, Mr. Nelson apparently realized that he had made a criminal threat against at least me and depending upon how one interprets his "You" statement others within our Company. To try to cover up his criminal act, he later created a text message suggesting that it was me who had threatened him and his family and that he was going to take legal action, etc. I responded by denying any threat to him or his family by me and repeating what he had threatened to do and said I was reporting it to the police in Santa Barbara. A copy of these messages is provided below. Red text is mine/Blue is Mr. Nelson's:

Re: Termination of Employment Effective Immediately

Dear Mr. Nelson:

This letter is to confirm the termination of your employment with Anthem Vault, Inc. In addition, this letter serves to terminate any and all relationships you may have with AnthemGold, Inc., AG HERC, Inc., Hercules SEZC, Anthem Hayek LLC and Anthem Vault Bunker, LLC, and any other entities that may have any affiliation with any of the above.

It came to our understanding last night, February 24, 2019, that during a telephone conversation with Mark Heatwole, a director for Anthem Vault, you directly threatened potentially fatal violence against Mr. Heatwole, also implying that other people associated with the companies should also feel threatened. Mr. Heatwole was extremely disturbed by this, and is providing the evidence to the proper authorities today. Obviously, such behavior makes your position with our companies untenable, and thus you are terminated with cause effective immediately from Anthem Vault, its subsidiaries and our other family of companies, including all of those listed in the first paragraph above.

You also made additional communication with our board of directors via several e-mails in which you raised false and unsubstantiated claims of malfeasance and criminal activity conducted by our executive team. Please be advised that such communication with our board and our advisory board members making such claims constitutes defamation. We intend to be aggressive in our pursuit of these claims as they damage the reputation of our companies, companies in which you have a significant equity interest, by the way.

Please be advised that your health insurance has been terminated effective immediately. We will settle all remaining business with you before the end of the month.

Respectfully,

Paul D. Aubert, Senior Vice President & General Counsel

Cynthia, I am sending you this email to let you know, I was contacted by Tom Wingert the week of March 11th. He stated that he was aware I was contacted by Michael Nelson in reference to our investment with Anthem Vault and Hercules being a scam. He proceeded to inform me that he and Micheal where in the process of filing a lawsuit against Anthem and you. He then proceeded to tell me they had all the evidence needed, but needed \$250,000 USD to continue. I very quickly told him if any legal action needed to be taken, we have our own legal team. Then, I received a series of emails from Michael, with a number of allegations. Again, I told him, we have our own legal team. After I refused to concede to the demands for legal fees, I then received a series of texts from Michael. I blocked his number but continued to get text messages from random numbers but due to the content, I am sure it was them. I sent screen shots of the text to you, Paul and Anthem. I am sending you this email, due to the amount we have invested in this project and the actions of these two individuals. They need to be stopped; I am concerned about the overall mental state of mind of them. I truly believe the company needs to put a stop to this, so it does not impact our investment and the future of your company.

Thanks,

DAMIAN J. RENZELLO, Plaintiff, v. MICHAEL E. NELSON, Defendant.

United States District Court, D. Vermont.

September 4, 2015.

Attorney(s) appearing for the Case

Damian J. Renzello, Plaintiff, Pro Se

Michael E. Nelson, Defendant, represented by Michael E. Nelson, PRO SE.

ORDER ON MOTIONS TO HOLD DEFENDANT IN CONTEMPT AND IMPOSE DAMAGES AND TO ENFORCE THE CONSENT JUDGMENT (Docs. 169, 175, 184, 186, 187)

J. GARVAN MURTHA, District Judge.

I. Introduction

On May 16, 2007, Plaintiff Damian Renzello and Defendant Michael Nelson entered an Agreement and Consent Judgment (the "Consent Judgment") prohibiting them from interfering with each other's businesses and from contacting each other, among other things. (Doc. 167.)

On September 18, 2014, Renzello moved pro se to enforce the Consent Judgment. (Doc. 169.) He alleged Nelson had posted defamatory statements online about him and his company, Porta-Rinx. Renzello also requested the Court hold Nelson in contempt and award damages. The Court instructed Renzello to serve notice to Nelson and allow Nelson thirty days to cure any non-compliance, as required by the Consent Judgment. (Doc. 174.) On November 21, 2014, Renzello filed a Certificate of Service attesting that he had served a copy of his motion on Nelson by first-class mail at the address Renzello provided in the underlying action, P.O. Box 761, Wakefield, RI 02880-0761. (Doc. 173.) That mail was not returned at that time.

At the May 7, 2015 hearing, Renzello testified Nelson has continued to post defamatory comments about Renzello and Porta-Rinx on the internet

following the Consent Judgment. Renzello also alleges Nelson has defamed him in the comments section of an online "Popular Science" article devoted to his products and on numerous other websites, including a website titled "Ripoff Report." Renzello testified that he has lost business due to Nelson's comments. Customers have contacted him about his products, and often seek explanation for Nelson's online postings. Based on Renzello's testimony, the Court found Nelson, who failed to appear, had violated the Consent Judgment by posting defamatory comments concerning Renzello online. (Doc. 179.)

On July 23, 2015, all written communications and notices mailed by the Clerk's Office to Nelson between November 2014 and May 2015 were simultaneously returned as undeliverable. (Docs. 180-83.) On August 19, 2015, Renzello alleged Nelson has posted additional defamatory comments on the internet, and moved the Court to hold Nelson in contempt and to award damages. (Doc. 184.) Renzello mailed copies of his motion not to Nelson, as he had all previous notices, but to Leslie M. and Peter E. Nelson of Rhode Island (Doc. 184, at 9), presumably Defendant's relatives. On August 31, 2015, Nelson opposed Renzello's motion (Doc. 188) and filed his own motions to enforce the Consent Judgment against Renzello on the basis that Renzello contacted and defamed him (Docs. 186, 187).

II. Discussion

A. Renzello's Motion for Contempt Sanctions (Doc. 184)

The Federal Rules of Civil Procedure require motions be served on "every party." Fed. R. Civ. P. 5(a)(1)(D). Renzello served his motion for contempt sanctions on apparent relatives of Nelson, not on Nelson himself, and therefore service was invalid. Accordingly, the Court dismisses Renzello's motion (Doc. 184) without prejudice to renew for improper service.

B. Vacating the Order Enforcing the Consent Judgment (Docs. 175, 179)

Nelson's filing indicates he received neither notice that Renzello believed he had violated the Consent Agreement nor notice of the hearing before the Court. (Doc. 188.) This is consistent with the return of his mail to the Clerk's Office as undeliverable. The Court takes notice Nelson no longer receives mail at the address listed in Court records, P.O. Box 761, Wakefield, RI 02880-0761.

In opposition to Renzello's motion for contempt, Nelson contends the judgment against him (Doc. 179) is void because he never received notice of the May 7, 2015 hearing.¹ Rule 60(b)(4) allows for the vacatur of a judgment where "the judgment is void." Fed. R. Civ. P. 60(b)(4). In assessing whether to vacate a default judgment, a "court must consider (1) whether the default was willful, (2) whether setting aside the default would prejudice the plaintiff, and (3) whether the defendant has presented a meritorious defense to the action." *I.L.G.W.U. Nat. Ret. Fund v. Meredith Grey, Inc.*, 986 F.Supp. 816, 823 (S.D.N.Y. 1997). Here, the Court concludes Nelson did not willfully refuse to respond because the record indicates he never received notice, Renzello will not be prejudiced if the Court sets aside the judgment because he may still seek a hearing, and that Nelson may argue he did not post the content in question. The Court may vacate its judgment (Doc. 179) sua sponte, see *Int'l Controls Corp. v. Vesco*, 556 F.2d 665, 668 n.2 (2d Cir. 1977) (finding "the district court . . . had power to decide sua sponte whether its judgment should be vacated, provided all parties had notice, as they did here."), and now does so. The Court also denies Renzello's motion for hearing on enforcement (Doc. 175) without prejudice.

C. Nelson's Motions to Enforce the Consent Judgment and Cease Contact (Docs. 186, 187)

Nelson also moves the Court to find Renzello violated the Consent Judgment and to order Renzello to cease contact.² He fails to follow the procedures required to seek relief through the Consent Judgment, however, because he has not provided Renzello with notice and thirty days to cure any defect. He has in fact provided Renzello no notice at all. Accordingly, the Court denies his motions without prejudice. (Doc. 186, 187.)

D. Further Proceedings

The Clerk's Office shall mail copies of Nelson's filings to Renzello. The Clerk's Office shall mail to Nelson copies of the docket sheet and all pleadings docketed between September 2014 and August 2015.³

If either Renzello or Nelson wishes to enforce the Consent Judgment, they must follow the procedures set out therein: provide the other party notice of any violation and thirty days to cure. Upon a failing to cure the non-compliance, the aggrieved party may seek a hearing before this Court to enforce the Agreement. (Doc. 167-1.)

III. Conclusion

Based on the foregoing:

- (1) the Court's Order filed May 20, 2015 (Doc. 179) is VACATED;
- (2) Renzello's Motions to Enforce Judgment, Hold Defendant in Contempt, Weigh Damages, Have Friend Assist Plaintiff, Enforce No-Contact Order, and Extend No Contact Order to Unpaid Friend (Doc. 169) are DENIED without prejudice;
- (3) Renzello's Motion for Hearing on Enforcement (Doc. 175) and Motion for Contempt Sanctions (Doc. 184) are DENIED without prejudice; and
- (4) Nelson's Motions to Enforce Consent Judgment and Cease Contact (Docs. 186, 187) are DENIED without prejudice.

04/15/19

SU ORDERED.

FootNotes

1. Because Nelson submits his opposition pro se, the Court reads it "liberally and interpret[s] [it] to raise the strongest arguments that [it] suggest[s]." *McPherson v. Coombe*, 174 F.3d 276, 280 (2d Cir. 1999) (internal quotations and citation omitted).
2. Nelson styles his motions to request other relief as well, including to take control of a website and order a psychiatric examination of Renzello. (Doc. 186, at 1.) The Court denies these requests, as even construed liberally Nelson's filing provides no reasons such relief is warranted.
3. Nelson asserts certain portions of his filings with the Clerk's Office are subject to confidential treatment under 40 U.S.C. § 421, but he provides no reason to warrant that treatment and the Court, upon its review, discerns no reason. Accordingly, Nelson's filings shall be public. See, e.g., *Nixon v. Warner Commc'ns, Inc.*, 435 U.S. 589, 597 (1978) ("It is clear that the courts of this country recognize a general right to inspect and copy public records and documents, including judicial records and documents.").

E-mail: nelsontelco@gmail.com

Re: Demand to Cease and Desist

Dear Mr. Nelson:

Immediately prior to and since your termination on February 24, 2019, you have sent communications to directors and officers of the companies, advisory board members and consultants of the companies, among other things. Your communications make claims that the companies and certain of its officers are committing crimes, defrauding the public and stealing from the companies.

Generally, defamation entails the following:

1. A false and defamatory statement,
2. Unprivileged publication to a third party, and
3. Negligence or willfulness in the communication.

Communication suggesting that someone has been involved in a serious crime involving moral turpitude or felony obviously and easily falls under number 1 above. Almost everything you have said about the companies and certain of its officers falls under this category. We have proof that you have sent such communications to, among other people, advisory board members and consultants, which was certainly publication to a third party. And your communication was more than negligent, it was malicious and designed to generate negative reactions against the persons you wrote about. This is textbook defamation, and has seriously damaged the reputations of the individuals and companies you have wrote about.

In our termination letter to you, we said that we would be aggressive in pursuing such

claims. **This letter serves as our final attempt to demand that you immediately cease and desist all communications with the officers, directors, employees and shareholders of Anthem Vault, Inc., AnthemGold, Inc., AG HERC, Inc. and Hercules SEZC and any public social media posts that are defamatory to the companies or their officers or directors.**

I understand that you are a shareholder of Anthem Vault, AnthemGold and AG HERC and as a result have certain rights as such. However, you have also threatened litigation against the companies to various directors and officers and as a result, we have the right to demand that all communication with the companies go through me, as General Counsel of each of the companies. If you are willing to retract your statements regarding litigation in writing, we can reassess whether you are legally permitted to communicate with certain constituents.

In addition, it has recently come to our attention that you are communicating with, among others, certain consultants using an e-mail address that appears to indicate it is an anthemvault.com address. **As a former employee, you must immediately cease and desist from holding yourself out as an employee, officer or any agent of any of the companies whatsoever, either by using e-mail addresses with any of the companies' names or holding yourself out as any type of agent of any of the companies.** This constitutes fraudulent activity and also falsely implies that you have a current relationship with the companies, which you do not.

I am sending this letter to you via e-mail and will follow up via certified mail, return receipt requested, to the last address we have of record for you. If this address is wrong, please provide an updated address.

Very truly yours,

Paul D. Aubert

Senior Vice President & General Counsel
